

Radon Environmental Welcomes Distinguished New Board Member

March 1st, 2016

VANCOUVER, BRITISH COLUMBIA – Radon Environmental Management Corporation is pleased to announce the appointment of **Stephen Kurtz to its Board of Directors.**

Mr. Kurtz currently serves as the Chief Executive Officer of MuscleSound, LLC, an international health-IT technology company headquartered in Denver, Colorado. He is also Manager of Kurtz Financial, LLC, a consulting firm specializing in restructuring, turnarounds, and mergers and acquisitions advisory services.

Previously, Stephen served as a Co-Managing Member of Mankwitz Kurtz Investments, LLC, a Denver-based private equity firm, which he formed in 2001. He is a certified public accountant and from 1976 to 2000, was President of the CPA firm of Shenkin Kurtz Baker & Co. Currently Stephen is a member of the Board of CIBER, Inc., (NYSE: CBR), a board member and member of the Governance Committee, and the Chairman of the Audit Committee of Pembroke Mining Corp., a privately-held, Canada-based international mining company. He also serves as a Board member and as Chair of the Audit Committee of LaSalle Mining Corp., a privately-held, Canada-based mining company.

Alan J Whitehead, President & CEO stated "We couldn't be more honored and delighted to welcome Mr. Kurtz to our board. Steve's extensive leadership and financial management experience, building successful Companies in the United States, will be a significant asset to REM, as we expand in North America."

About Radon Environmental Management Corporation (REM)

REM is a health and building sciences company, based in Vancouver, BC. Our focus is reducing public exposure to radon gas, which is the leading environmental cause of cancer and has the highest mortality rate of all environmental exposures; radon is also the leading cause of lung cancer after smoking. The Company is a recognized leader in raising radon awareness and education, is the only integrated provider of radon mapping services, together with radon detection devices and measurement services. REM also provides advanced performance radon mitigation solutions and invests in the medical research of radon related cancer and the technical development of new and innovative radon detection and mitigation products.

On behalf of the board of Radon Environmental Management Corp.

"Alan J Whitehead"

President & CEO
