

Build Safe, Build Right Protect Against Radon

RADON EDUCATION BREAKFAST

free informational seminar

Featuring the latest in new technology mitigation materials for new home builders.

September 15th, 2015, 7am – 9am
Coast Inn of the North, Tabor Room

770 Brunswick Street, Prince George, BC V2L 2C2

Radon is responsible for thousands of lung cancer deaths every year. It is present in all buildings to some degree. The hazard can be prevented during construction and in the way we maintain our homes, schools and workplaces. Get the basic facts and discover how to avoid this serious air quality and health issue. Build right and save lives.

The seminar will cover: what is radon, the health risk, who is at risk, how radon enters the indoor environment, building codes and new policies, radon mapping, and radon measurement and mitigation methodologies.

Agenda

- 7:00 am **Welcome Buffet Breakfast** | Radon Environmental Management
- 7:30 am **Radon and Health** | Canadian Cancer Society, BC & Yukon
- 8:00 am **New Mitigation Technologies** | Radon Environmental Management
- 8:45 am **Preview of New Prince George Certified Radon Measurement + Mitigation Course** | Canadian Cancer Society, BC & Yukon
